Vestland Marine Sp. z o.o.

Gdynia, 04.05.2015

TO WHOM IT MAY CONCERN

It is my pleasure to write the letter of recommendation for Maya Evtimova and her Company ATE Consult Ltd, who recently completed a consulting service here at Vestland Marine Sp. z o.o.

We contracted ATE Consult in December 2012 to design, develop and implement management system in compliance with ISO 14001:2004 and ISO 9001:2008 requirements and integrate with the existing Safety Management System of Vestland Marine. In December 2014 Integrated Management System has been successfully certified.

We have been very pleased with the work performed by ATE Consult Team, who not only understand and accommodate customer requests, but also add value to them through inventive solutions.

Sincerely,

Beata Wieckowska
